

Operation Better Start
BERKSHIRE HEALTH SYSTEMS, INC.
A Pediatric & Adolescent
Nutrition, Health & Fitness Program

Hillcrest Campus Directions to Operation Better Start:

Operation Better Start is located on the 2nd floor of the Hillcrest campus between the mansion and the brick hospital. The second floor can be accessed through either the main entrance (mansion with pillars) or through the Family Health Center (1 story brick building to the right of the mansion).

Through the Family Health Center:

Enter the FHC and walk straight, through the double doors. There are stairs to the second floor through the door on your right or elevators to your left. *If you are traveling with a carriage or wheel chair this is the entrance that provides the best accessibility.*

Take a left off the elevator or go straight as you come onto the second floor from the stair case. Proceed to the end of the hallway where you must take a right into our waiting room. Operation Better Start “check-in” is straight across the waiting room through the door to the first office on your right.

Through the mansion:

Enter through the pillars and proceed straight through the lobby. Take a left through the double door and take the elevator or stairs on the right to the second floor. Access the second floor by coming off the elevator or stairs and going straight through the double doors. Take a left as you proceed through the doors and follow the hallway to a small set of stairs on the left side of the hallway. At the bottom of the stairs take the door on the right into the waiting room. *Please look for small children as you enter the waiting room.* Our check-in is across the waiting room through the door on the left and at the first office on your right as you enter the hallway.
